

What if...we created a Library of Things?

Have you got **too** much **stuff**?
Why buy more things when you can borrow?

What if we had our very own **Library of Things** here in Camden - a **Library** filled with lots of **useful, practical** things that the **community** could **borrow** for their homes, from a gazebo to an ice cream maker, a tea urn to a strimmer!

Borrow rather than buy! Collect your item in person or perhaps it could be delivered to you by a special delivery bike?! Click & collect, click & drop!

How to get involved:

- What **Ideas** do you have for the **Sharing Economy**?
- Could you set up a **street share group** with your neighbours?
- Come to the next meeting – date tbc
- Join the group & share your ideas!
- Sign up below!
- **Email: thinkanddocamden@gmail.com**

Opportunities:

- Employment/livelihoods - this project will need some staff
- **As an antidote to retail therapy it will help to address mental health issues**
- It will increase & encourage community networking & connection
