

How can we make climate action a fun and rewarding activity at school and get all staff, and the school community involved?

Host a Climate Connectors workshop

This workshop will inspire school staff with lots of ideas for how to embed sustainability at school and to 'barrier bust' the challenges. The aim is for **all** staff to creatively brainstorm and mingle: To spark collective insight and foster solidarity around climate action.

Hosted by Think and Do in collaboration with Camden Council, this free 2 hour workshop will take place at your school. The room will be laid out with 7 tables, each with a different theme packed with resources:

1. **HOW CAN YOU USE YOUR POWER TO POWER DOWN THE SCHOOL:** How much energy does your school use? Where? How could it be reduced? Exploring solar panels.
2. **WHAT IF YOUR SCHOOL GROUNDS COULD SUPPORT BIODIVERSITY, CLEAN AIR AND WELLBEING?** How can we green up the school. Encourage biodiversity, clean air and well-being.
3. **CLEAN TRANSPORT.** Do you have a Healthy School St? How do staff/ students travel? Provision for cycling/scooters
4. **WHAT'S ON THE MENU?:** Plant-plus/greening the menu. Food waste. Food miles. Banning single use plastic. Food from different cultures.
5. **CIRCULAR ECONOMY:** How can we eliminate waste? Creative up-cycling? Procurement? Developing a sharing economy – toys swaps, clothes swaps
6. **HOW CAN WE MAKE CLIMATE ACTION FUN?:** How can we encourage parents/community engagement. How can we embed sustainability within the curriculum?
7. **CLIMATE AND SOCIAL JUSTICE.** How can our understanding of climate impact globally, inspire local action?
